Corey Hellwege

Portfolio Website

![Website Screenshot]

Repository:
https://github.com/coreyhellwege/portfolio_website

PURPOSE:

The purpose of this portfolio website is to showcase my work and skills as a developer and designer. This website informs viewers of my professional work experience, education background and provides an insight into my personality and style.

HOW TO RUN:

Search the following URL in your web browser:

```
https://coreyhellwege.netlify.com
```

FUNCTIONALITY & FEATURES:

The primary function of this website is to provide the user with the ability to contact me. Using Netlify I have installed and styled a web form. This website also features examples of my design work in a scrollable container with hover effects.

TECH STACK:

This website is written in HTML5 and CSS3.

PROJECT PLANNING:

Trello Boards:
https://trello.com/b/ZwhNz8lZ/portfolio-website

TARGET AUDIENCE:

The target audience of this website is primarily potential employers, as well as other developers and designers.

ACCESSIBILITY:

This website includes alt text on all images to ensure compatibility with screen-readers for blind users. The responsive layout also allows for a seamless viewing experience across all device sizes.
